- 鼓勵跨國合作與多學科對話，推動腫瘤護理專業的進步與革新。

我們邀請到來自英國、南韓及台灣的頂尖學者與專業人士，分享其專業知識與經驗，歡迎對腫瘤護理與創新有興趣的各界人士踴躍參加！

The "Sustainability and Innovation in Oncology Care: International Conference 2025" will take place on Friday, October 31, 2025, at the International Conference Hall, 1st Floor, Research Building, Yong-Ching Advanced Science Park, Chang Gung Memorial Hospital, Linkou.

This conference aims to promote sustainable development and innovative applications in the field of oncology nursing, providing a diverse platform for academic and practical exchanges among healthcare professionals.

Highlights of the conference include:

- Esteemed global experts discussing topics such as the application of artificial intelligence in oncology nursing, the integration of core cancer care values into digital tools, and the development of an interactive online picture book for pediatric cancer communication.
- A range of inspiring keynote speeches and practical sessions covering co-designing digital health tools, expanding the scope of nursing practice to improve professionalism, and the impact of patient-reported outcome measures on doctor-patient communication in breast cancer care.
- Fostering international collaboration and interdisciplinary dialogue to drive progress and innovation in oncology nursing.

Renowned scholars and professionals from the United Kingdom, South Korea, and Taiwan will share their expertise and experiences. We warmly welcome all who are interested in oncology nursing and innovation to join us!
